IDEA BEHIND THIS DESIGN

While making this book we researched and found that keeping things in single page makes it more convenient and time saving and we were impressed by this idea. That's why we designed this book in such a way that the answers are given beside the question so that you can check the correct answer without any hassle to turn tons of pages back and forth again and again and you know what ! This is the key to save the time and will make you fall in love with MCQs with SJ. We have also added ICAI MCQs with references given at the end of question.
